

I am an avid fan of KLOVE radio in my community (FM 90.7). If a new LPFM station were to receive priority over the KLOVE station I am currently receiving, I would be very disappointed. KLOVE is one of the only stations on the air that I know I can trust. I know my children can listen to KLOVE without being bombarded with inappropriate material. Before I started listening to KLOVE, when my children and I were listening to other stations, I never knew what my children would be exposed to via the airwaves; through various advertisements, song lyrics and worst of all the DJs. Please do not allow anything to interfere with my reception of KLOVE radio station.
